ACADEMY, ASSAM In Collaboration with
IQAC CELL, NATIONAL LAW UNIVERSITY AND JUDICIAL
ACADEMY, ASSAM Announces
NATIONAL POLICY DRAFTING COMPETITION – (VICHAAR)**

CONCEPT NOTE

Policy drafting and policy formulation are regarded as the primary step of any planning process. It is a strategic starting point of any planning process aiming towards a specific end followed by execution. A national policy for a country generally includes a set of measures and deliverables aimed at the future developments of the country. A policy provides a binding framework for the government while formulating detailed plans of action in an area for a longer period of time. Policy making is a humongous task. The progress of a country, key areas and subjects where the government wish to emphasize on etc. are basically dependent on the policies that the government adopts. In past, in our country we have witnessed several of such policies adopted by the government such as the National Education Policy, the National Health Policy, the National Civil Aviation Policy, and the recently adopted National IPR Policy etc. Although, policy making is considered as a task of the government, the citizens also have a key role in this regard. Participation of citizens while drafting a policy is very pertinent especially, in a democracy like ours as it is believed that the democracy is a government of the people, by the people and for the people.

In order to inculcate a sense of participation in policy making among the youth, the National Service Scheme Unit of the National Law University and Judicial Academy, Assam in association with the Internal Quality Assurance Cell of the University have come up with a policy making and drafting competition. The National Policy Drafting Competition –

(VICHAAR) is the first of its kind that is being organised by any institution of the north eastern part of our country. The purpose behind holding this competition is to

evoke youths to enhance their creativity and bring out myriad solutions on some timeless and some contemporary issues provided below.
